

PPS Arctic and the future

Annika Hofgaard & Gareth Rees

16 April 2009

NI NA, Trondheim, Norway

Thoughts for the future

Points from the national short presentations:

- Publication of results
- Circumpolar analyses
- Continue and develop scientist and student exchange
- Need for focus on central and eastern Russian TTI
- Joint group applications
- Bilateral possibilities
- Re-sampling of plots in 10-years ??

Joint publications

- CJFR
 - CJRS
 - "Attention paper"
 - Circumpolar perspective
-
- Grant possibilities –synthesis analyses ?

Upcoming meetings

- Oslo IPY meeting - June 2010
<http://ipy-osc.no>
- 5th Annual PPS Arctic Meeting
 - Edmonton, Canada, autumn 2010
 - Open science meeting, Joint science meeting

Student presentation award

- Structure of presentation
- Pedagogic skills:
 - background, aim, methods, findings
 - visual
- Plan of time use
 - In total
 - Section separation
